The Ultran Group (formerly known as Ultran Laboratories) is a company that develops ultrasound technology solutions. It offers low-frequency, non-contact, dry-coupled, and very-short-pulse conventional transducers, bench-top ultrasonic analysis systems, and production line quality analysis systems.

Ultran is the inventor of modern non-contact ultrasound and a leading innovator in the development of transducers, systems and services for advanced materials testing and characterization. For 25 years we have been building unique ultrasonic devices targeted towards cost-effective production, saving our customers time and energy. We translate our advanced ...

Email: info@ultragroup Ultran's non-contact ultrasound technology is shown to detect variations in each of the above conditions. Focused transducers demonstrate the capability to measure localized variations in high resolution. High frequency analysis depicts minute property variations. ¶ ¶ ¶ Ultran has performed extensive analysis on

Aqui, poderá encontrar o seu carro usado em Angola, mas também carros novos, das principais marcas automóveis, como Hyundai, Kia, Toyota, Mitsubishi, Suzuki, Nissan, e muitas outras. Além dos diversos tipos de automóveis: ligeiros, carrinhas, comerciais, SUV ou Jipes, aqui também é possível comprar e vender motos.

Line focused transducers for shaped beam profile at focal length, providing specific spatial characteristics.
