We recently joined Summit Ridge Energy in celebrating the powering on of Simba Solar, a 3 MW community solar facility in Prince George's County, Maryland. This unique project, located on 23 acres leased from the Brandywine Lions Club, provides a new source of revenue for the service organization and helps to further Maryland's renewable energy goals.

"This is honestly kind of a no-brainer." I signed up for US Solar about a year ago and it has been a wonderful experience. I typically save about \$30-\$60 per month on my electric bills, and currently, Xcel Energy owes me over \$200 in credits for the power that my portion of the solar garden has added to the grid.

United States simba solar
