

Axpo U.S. focuses on delivering a full range of energy risk management solutions to producers, consumers and other market participants. The operations cover the PJM, ERCOT and MISO regions and encompass the power and gas markets.

Axpo is driven by a single purpose - to enable a sustainable future by providing innovative energy solutions. Axpo is Switzerland's largest power producer and an international leader in energy trading and the marketing of solar and wind power.

Axpo specializes in risk management solutions for developers: As-generated energy and Renewable Energy Certificate (REC) offtakes; Long-dated, fixed-price REC hedges; Spot REC transactions; Direct transactions that minimize collateral requirements for our customers

Workload: 80% - 100%. Axpo Solutions AG is seeking a skilled and dynamic Project Portfolio Manager to play a key role in managing approval processes for the global Project Portfolio and ensuring the successful execution of high-value business initiatives. This role involves overseeing complex processes, fostering collaboration across functions, and delivering high-quality ...

Axpo announced the name change back in December 2017. At the same time, targeted strategic structural adaptations are underway at Axpo Power AG. The backbone of Axpo Solutions AG is the international customer and trading business as well as activities abroad in the area of renewable energies.
