VION ® PDC "Tangent" Drill Bit series has been developed specifically for drilling applications where drilling through transitions requiring durability and control is essential. Designed from the start to handle the increased operating parameters of the new oilfield. Created with a balanced cutting structure profile adding greater bit stability to overcome the ROP and durability ...

In 2020, Varel Energy Solutions was acquired by Blue Water Energy after Sandvik divested its operations relating to the oil and gas industry. The mining conglomerate bought Varel in 2014, but new ownership wanted to focus Sandvik's business portfolio to core areas such as the mining-related part of drilling and completions.

Varel Energy Solutions has developed a complete suite of proprietary softwares to support PDC drill bit designers and application engineers in their day-to-day mission to deliver to the customer the most optimized drill bit design for a given application. It is a 360 Customer Workflow. We call it, the VAREL Factor.

Varel NTS is a joint venture enterprise founded by an oilfield services company NewTech Services Holding Limited (NewTech Services) and Varel Energy Solutions (Varel International), holding a strong market position in drill bits manufacturing.

Our HIGH ENERGY drill bit series is capable of increasing drilling performance by effectively utilizing maximum operating parameters. With the latest bearing technology and cutting structure design HIGH ENERGY drill bits deliver faster penetration rates, more footage drilled, and superior reliability in many applications.
