

Verdict on Long photovoltaic panel theft case

Are solar panels stolen?

Several instances of solar panel theft have been reported, including an incident at Gateshead International stadium as well as a larger incident in 2021 in which 221 solar panels were stolen from a solar farm. Solar panel theft is the primary issue, although some landowners report that it isn't just the panels themselves that are stolen.

Is solar theft a problem in the UK?

Rural theft has long been an issue in the UK. It is a sinister practice, with repercussions that are as much emotional, as they are commercial. After all, for a small farm, solar panels are a huge investment. Not only that, but if solar theft is not brought under control, it will delay the country from reaching its net zero goals.

How much does a solar theft cost?

Strecke says European solar thefts typically cause EUR60,000 (\$63,900) of damage, when repairs and loss of business are factored in. "Solar crime is on the increase," says Rachael Oakley, director of crime intelligence at Telford-based DeterTech, formally known as SmartWater Group thanks to its product-marking technology.

Who were the victims of a £17m solar scheme?

Today a jury at Liverpool Crown Court found six men guilty of running a £17m fraudulent scheme to install solar panels which defrauded 1,500 victims including elderly, retired and vulnerable people.

Are solar panels a crime?

Vandalism is not always a planned, deliberate crime. Still, it can be caused by disruptive individuals who see a remote field of solar panels as a chance to cause extreme damage without being caught, smashing solar panels and rendering them redundant.

How much property was stolen from UK solar sites last year?

Speakers at the event, held in Telford, in the west of England, appealed for solar site owners to report all incidents of criminal damage, no matter how small. Taylor said GBP 574,300 (\$691,500) worth of property was reported stolen from UK solar sites last year, but noted that the real figure is likely higher.
