

Virya energy Switzerland

Who owns virya energy?

Virya Energy, established in 2019 by the Colruyt Group and Korys, operates across the sustainable energy value chain, with green energy production in Europe and Asia. Give your business an edge with our leading industry insights. Korys Investments has agreed to acquire an additional 30% stake in Belgium-based Virya Energy from the Colruyt Group.

Why is virya partnering with constant energy?

Virya Energy and Constant Energy forge a powerful partnership, significantly boosting Virya's global presence in renewables. With Virya now as the majority shareholder and having gained extensive access to capital, this alliance propels Constant Energy into a new era of growth and development.

Why did Korys acquire Virya Energy?

Halle, 26th March 2024 - Korys reaches a 70% stake in Virya Energy through the acquisition of an additional 30% from the Colruyt Group. With a larger stake in the shareholder structure, Korys wants to give Virya Energy the opportunity to pursue its ambitious global growth plans in sustainable hydrogen, wind, solar, and e-mobility.

What does Virya Energy do?

This includes the production of green energy in Europe through its subsidiaries Eoly Energy and Eurowatt, in Asia through its subsidiary Sanchore and a majority stake in Constant Energy, and energy distribution through its subsidiary DATS 24. Virya Energy is also involved in the development of sustainable hydrogen projects through Virya H2.

Does Colruyt Group own Virya Energy?

Colruyt Group's shareholding in the Belgium-based energy company will decrease from 59.94% to 30%. Korys aims to bolster Virya Energy's capacity to achieve its ambitious international growth objectives.

Will Virya Energy raise more than 55 Meur?

In addition, Virya Energy has the possibility to raise an additional 55 MEur during the 2-year term. Virya Energy was founded in 2019 by Colruyt Group and Korys to combine their respective renewable energy holdings. Virya Energy currently holds participations in Parkwind, Eurowatt and Eoly Energy.
