Eswatini electrification rate of (85%). The electricity supply industry in Eswatini has undergone changes both from a policy and regulatory point of view.

Vermont Energy has been my choice for new furnace installations since 1984 -the year they started the business. They installed our most recent new furnace in 2017, and it's been problem free. Marshall and Mark have always been a great pleasure to work with, and I wanted to share our most recent experience as an example of their commitment to ...

Eswatini Energy Regulatory Authority is a statutory Energy Regulatory Body established through the Energy Regulatory Act, 2007 (Act No.2 of 2007). The Mandate of ESERA is the administration of Electricity Act, 2007 (Act No.3 of 2007), with the primary and core responsibilities of exercising control over the electricity supply industry (ESI) and regulation of generation, transmission ...
