

Wallis and Futuna unisun energy

Is ENGIE investing in Unisun Energy Group?

French renewable energy giant Engie has signed an agreement for a 30% equity investment through capital increase in Unisun Energy Group, a Chinese solar PV company. Unisun is a leader in solar in China, having developed around 500MW of PV projects since 2014.

Who is Unisun Energy BV?

Headquartered in Rotterdam, Unisun Energy BV is a developer and EPC of solar PV projects. Our international team combines expertise in technical design, procurement, quality control and project management to deliver turn-key solar assets that are built to last. Unisun Energy BV can also offer O&M services through subsidiary, Uper Energy BV.

Where is Wallis & Futuna located?

Wallis and Futuna, officially the Territory of the Wallis and Futuna Islands [A] (/ˈwʌlɪs ... fuːˈtuːnə /), is a French island collectivity in the South Pacific, situated between Tuvalu to the northwest, Fiji to the southwest, Tonga to the southeast, Samoa to the east, and Tokelau to the northeast. Mata Utu is its capital and largest city.

Why did Engie invest in Unisun?

Through the investment, Engie aims to support Unisun in the development of its solar business, ownership and operational duties, as well as smart energy management. The company has an ambitious goal to develop 4GW of PV projects by 2020 in China and further contribute to the country's pledge of 20% renewable energy in its mix by 2030.

Who is Unisun & Engie?

Unisun is a leader in solar in China, having developed around 500MW of PV projects since 2014. Through the investment, Engie aims to support Unisun in the development of its solar business, ownership and operational duties, as well as smart energy management.

Does Unisun Energy BV provide operation & maintenance services?

Operation and Maintenance (O&M) services are the critical success factor for long term profitability and longevity of solar assets. Unisun Energy BV's subsidiary Uper Energy BV, can provide these services. Unisun Energy BV has developed and delivered more than 40MW of rooftop and ground mount solar projects to date.
