

# Waste sorting cabinets Isle of Man

Where is recycling placed on the Isle of Man?

On the Isle of Man recycling is placed above recovery of heat from burning waste or landfill of waste, in the waste hierarchy - priority of ways we should manage our waste. Tel: +44 1624 685850. Alternatively if you wish to do this online you can Report a Problem.

What is the new waste strategy for the Isle of Man?

At its sitting in July 2018 Tynwald approved a new Waste Strategy for the Island, replacing the IOM 2012-2020 Waste Policy and Strategy. The focus and format of the 2018 Waste Strategy reflects the context within which the Isle of Man as an island and an independent jurisdiction aims to manage its waste sustainably (Figure 1) and economically.

How do you manage the Isle of Man's waste?

Managing the Isle of Man's waste effectively and responsibly is critical, both for the community and the environment. That's why we work to promote re-use and recycling, and convert the remaining waste into energy. In the spirit of openness and transparency, we work to keep local residents and businesses informed in a range of ways.

How does Suez manage the Isle of Man's waste?

SUEZ works in partnership with the Isle of Man government to manage the household waste that's generated daily across the island. Managing the Isle of Man's waste effectively and responsibly is critical, both for the community and the environment. That's why we work to promote re-use and recycling, and convert the remaining waste into energy.
