Does Morocco claim Western Sahara?

Morocco claims and administers most of Western Sahara, so trade partners are included in overall Moroccan accounts. The Sahrawi Arab Democratic Republic laying claim to the territory has ratified AEC treaty, but is not active; All values, unless otherwise stated, are in US dollars.

Why is there no economic infrastructure in Morocco?

There is practically no economical infrastructure and the main activity is camel herding nomadism. The government-in-exile of the Polisario Front had also signed contracts for oil exploration, but there is no practical work, because the zones given are in the Moroccan-controlled part of the territory. [citation needed]
