

In late July, Morocco secured another diplomatic coup in a string of recent triumphs when France backed its territorial claims over Western Sahara. France joins a growing list of countries, including the United States, to champion the North African kingdom's plan for autonomy under Moroccan sovereignty. France's decision is, however, the source of much ...

Western Sahara is a non-self governing territory on the northwest coast of Africa bordered by Morocco, Mauritania, and Algeria. After Spain withdrew from its former colony of Spanish Sahara in 1976, Morocco annexed the northern two-thirds of Western Sahara and claimed the rest of the territory in 1979, following Mauritania's withdrawal.

Key to changing the energy mix is effective energy storage solutions, where energy is produced energy needs to be stored and consumed when demand doesn't meet production. IPS is working in innovative compressed air storage solutions, in cooperation with CTG, for storage of energy in the ground, as well as traditional options like large scale ...
