

## Acumen EMS

The Acumen EMS-operated energy storage system was designed to reduce the host customer's utility bill through a combination of both demand charge management and time-of-use energy arbitrage. HES Solar has forecasted that the combined project will capture over \$6 million dollars of electric bill savings over 25-years of operation.

How Acumen EMS combines behind-the-meter and front-of-the-meter strategies to generate the highest revenues from assets, including: demand charge management, Time-of-Use arbitrage, PV self-consumption, demand response ...

Energy Toolbase's Acumen EMS(TM) (energy management system) controls software utilizes AI and machine learning to forecast and optimally discharge energy storage systems operating in the field. Best-in-class technology ...

Forward-thinking energy storage system awarded under Wisconsin's Office of Energy Innovation grant (EIGP). HOUSTON, March 21, 2023 /PRNewswire/ -- Energy Toolbase has deployed its Acumen EMS ...

LAKESIDE, CALIF. (2/23/2022) - Energy Toolbase, a leading provider of energy storage software solutions, has commissioned a behind-the-meter energy storage project with HES Solar, a San Diego-based, full-service solar development and installation company. HES Solar installed a BYD Chess energy storage system, integrated with Energy Toolbase's Acumen EMS(TM) controls ...

This Acumen EMS deployment is located in Shepherdsville, Kentucky for a public library with a system size of 110kW/220kWh utilizing Demand Charge Management. Key metrics to analyze for the commissioning of an Acumen EMS project. The ESS demand, PV demand, site demand, and metered demand are important to be mindful of during commissioning.

HES Solar ?? Energy Toolbase ? Acumen EMS(TM) ?????? 100 ????????????{HES Solar ?? Energy Toolbase ? Acumen EMS(TM) ??????? ...

An ETB Monitor license comes standard with the purchase of an Acumen EMS(TM) controlled energy storage system (ESS). ETB Monitor is the third leg of our "Model, Control, Monitor" product lineup, which provides a cohesive suite of software tools for project developers to deploy solar + storage projects more efficiently. Since 2014, our ETB ...

The Energy Toolbase Acumen EMS(TM) (energy management system) was installed alongside an Eguana Technologies storage system for an engineering and construction company in Alberta, Canada. The goal was to determine how efficiently the Acumen EMS(TM) peak shaving algorithm could reduce demand for a

## Acumen EMS

facility with solar photovoltaic (PV) generation ...

Over the years, Energy Toolbase has successfully deployed our Acumen EMS control software across nearly 150 sites throughout the United States, Mexico, Canada, South America, and beyond. Today, we're excited to announce its rebranding to better reflect its role in our energy storage solutions. Going forward, Acumen EMS will be known as "ETB ...

STUART, Fla., March 16, 2021 /PRNewswire/ -- Energy Toolbase's Acumen EMS(TM) controls software is now integrated with Dynapower's energy storage solutions. As a part of this integration, Dynapower will be added to Energy Toolbase's ETB Developer sales and modeling platform which allows users to run energy storage dispatch simulations and savings analysis ...

Financial acumen is key to leading an effective EMS department. You'll be tasked with managing resources, planning for future expenditures, and ensuring that the department remains within its allocated budget. This question helps assess your ability to balance the financial aspect of leadership with the operational and service-oriented ...

Installing the Acumen EMS-integrated ESS contributes to potential utility cost reductions of a maximum of \$1 million over 28 years. The project will also offset 150 metric tons of CO2 annually. TCDRS is installing various energy conservation measures (ECMs), including PV and EV charging stations, for a holistic approach to energy management.

In this Solar Conversation, Kerim Baran of SolarAcademy talks with Nathan Gutzmann, Product Manager at Energy Toolbase, for Acumen EMS(TM), an Energy Management System which utilizes AI and machine learning to forecast and ...

In a recent Solar Conversation hosted by SolarAcademy, a San Diego-based social knowledge platform for the solar energy industry, Nathan Gutzmann, Product Manager of Acumen EMS(TM), joined Kerim Baran to delve into the cutting-edge capabilities of Acumen EMS. This illuminating discussion unpacked all things Acumen, from its utilization of AI and ...

Sprocket installed a Socomec SUNSYS HES L unit, paired with Acumen EMS(TM) controls software alongside a 52-kW solar system, with the primary controls application being Demand Charge Management. Acumen controls software enables participation in demand response programs, specifically ConEd CSRP and NYSERDA DRLP, through scheduled ...
