What is Dakota lithium?

Dakota Lithium was born out of this rugged landscape. A battery designed to endure. To help you do what you love longer. A battery made to last. We've harnessed the power of lithium chemistry and combined it with North Dakota grit to build you a better battery. To help you play harder. Go further. Last longer. No matter the weather.

Why should you choose Dakota lithium?

That's why here at Dakota Lithium we focus on building batteries that last a long, long time. By harnessing a unique chemistry and our engineering know-how Dakota Lithium lasts 4-10x longer than traditional batteries, providing lasting value for our customers, and reducing e-waste and the impact on our planet.

What is a Dakota lithium battery?

Dakota Lithium batteries stand out for their remarkable lightweight construction, thanks to advanced lithium iron phosphate technology. These compact powerhouses reduce the burden of carrying heavy batteries, making them the ideal choice for outdoor enthusiasts seeking efficient, lightweight energy solutions.

How long do Dakota lithium batteries last?

Dakota Lithium lasts 4x longer than traditional batteries, providing lasting value for our customers, and reducing waste and the impact on our planet. Committed To Excellence: All Dakota Lithium Batteries are backed for 11 years. Built To Last: Dakota Lithium batteries last so long that the cost per use is a fraction of traditional batteries.

Why should I use a Dakota lithium Charger?

Giving you confidence with Cell Balancing, Low/High Voltage Cutoff, Short Circuit Protection and High Temperature Protection. To optimize your battery life we recommend using our Dakota Lithium charger. This gives you ease of mind knowing your battery and charger will work perfectly together.

What is the warranty on a Dakota lithium battery?

Dakota Lithium - 12V 100Ah LiFePO4 Deep Cycle Battery - 11 Year USA Warranty 2000+ Cycles - Built in BMS, For Ice Fishing, Trolling Motors, Fish Finders, Marine, Charger not Included 11 YEAR WARRANTY: Dakota Lithium's batteries were born in the rugged landscape of North Dakota and are backed by an 11 Year Warranty.

??4% ??· This battery has been re-engineered with Lithium Iron Phosphate (LiFePO4) technology into a Group 24 Size housing! This battery has twice the power, half the weight, ...

The DL 100Ah battery is built with Dakota Lithium's legendary LiFePO4 cells. Ideal for deep cycle applications like trolling motors, RVs, home solar, or boating where you need lots of power for a long time.

Similar storage facilities are proposed for South Dakota. (Photo: Courtesy NextEra Energy Resources) WAVERLY, S.D. - Retiree A.J. Howey has a hard time understanding why a Florida energy company would build a set of industrial-sized lithium-ion batteries near his rural homestead where he enjoys puttering around in the yard and raising ...

In the United States, lithium was first mined from pegmatite orebodies in South Dakota in the late 1800s. The Kings Mountain pegmatite belt of North Carolina also had significant production from pegmatites, and the area may still contain as much as 750 million metric tons (Mt) of ore containing 5 Mt lithium metal (Kesler and others, 2012).

Dakota Lithium is a company that creates practical, sustainable energy products to help people across the planet with affordable transportation and long-lasting energy storage. 15% OFF - CODE: POWERFOR2025 - EXPIRES: 1/6/25. Your cart (0) Search your battery or use. Close. APPLICATIONS Back.

That's why here at Dakota Lithium we focus on building batteries that last a long, long time. By harnessing our unique chemistry and engineering know-how Dakota Lithium lasts 4x longer than traditional batteries, providing lasting value for our customers, and reducing e-waste and the impact on our planet.

Dakota Lithium batteries last so long that the price per use is a fraction of traditional batteries. BEST USED FOR: Our 12V 100Ah LiFePO4 Batteries are a perfect upgrade for any 12V Deep Cycle battery, and a great fit for many ...

Ultra Fast 12V 50A Waterproof Dakota Lithium LiFePO4 Onboard Battery Charger \$ 399 \$ 299 (35 reviews)
Ultra Fast 12V 20A Waterproof Lithium LiFePO4 Onboard Battery Charger \$ 299 \$ 199 (35 reviews) Marine 4 Bank, 40-Amp (10-Amp Per Bank) 12V Onboard Lithium Battery Charger \$ 329 \$ 299 (860 reviews)

??5.6%??· The DL 100Ah battery is built with Dakota Lithium's legendary LiFePO4 cells. Ideal for deep cycle applications like trolling motors, RVs, home solar, or boating where you need lots of power for a long time.

Midwest Lithium is one of multiple companies looking for lithium in the Black Hills. There are also several companies exploring for gold, while the operators of the region's ...

Vancouver, British Columbia - United Lithium Corp. (CSE: ULTH; OTC: ULTHF; FWB: 0ULA) ("ULTH" or the "Company") is pleased to announce that it has established a large land position in an historic lithium-beryllium producing area near Custer, South Dakota. The Company has staked over 500 unpatented lode claims covering more than 15 square miles (nearly 40 square ...

Built for high performance in cold Dakota winters, this 12 volt, 18 amp hour (Ah) lithium battery packs a big
