Does EDP Renewables own sunseap?

EDP Renewables (Euronext: EDPR), the world's fourth largest renewable energy producer, has announced that all pending regulatory conditions have been met for the agreement reached in November to acquire a 91% stake in Sunseap, the largest distributed solar power operator and the fourth largest solar power operator in Southeast Asia.

Who is sunseap & EDPR?

Sunseap, founded in 2011, is a leading renewable energy champion based out of Singapore and has a history of over 11 years in Renewables in the APAC region. In February 2022, EDP Renewables (EDPR) acquired a 91% stake in Sunseap. Since then, EDP Renewables APAC was formed, establishing a leading clean energy hub for the APAC region.

Who owns AC energy & sunseap?

AC Energy--controlled by Philippine billionaire Jaime Zobel de Ayala's Ayala Corp.--and Singapore-based Sunseap Group are investing over \$2.4 billion in separate renewable energy projects across Southeast Asia as countries around the region accelerate their transition into a carbon-free future.

Why did EDPR acquire sunseap?

In February 2022, EDP Renewables (EDPR) acquired a 91% stake in Sunseap. Since then, EDP Renewables APAC was formed, establishing a leading clean energy hub for the APAC region. The acquisition enables EDPR to extend a truly global reach and to address its increasingly global client base as well as its continued commitment to renewable energy.

What will EDPR & sunseap do?

EDPR and Sunseap will now work to develop clean energy projects across the APAC region, with a particular focus on solar and wind projects. The two companies will also investigate opportunities for energy storage and green hydrogen projects.

What does sunseap energy do?

Sunseap Energy provides clean energy solutions utilising off-site arrangements by drawing on solar systems within the Group's portfolio of distributed generation assets. About Microsoft

EDPR, 75% owned by Energias de Portugal (EDP Group) had late-stage talks to buy out the stakes held in Sunseap by Thai energy firm Banpu PCL, Singapore state investor Temasek Holdings, and other investors, last week. Banpu sold its 47.5% shareholding in Sunseap for about S\$490 (\$363 million) to EDPR. EDPR also bought the stakes of other ...

Spanish renewable energy firm EDP Renewables (EDPR) has acquired a significant stake in Singapore-based
